RICHLIN WINDOW'S *Solid Warranty*

All Richlin Window products are backed by a limited lifetime warranty which is transferable. Richlin warrants that the rigid vinyl extrusions used in their products are first-grade, exterior quality materials. The polyvinyl chloride (PVC) extrusions have been tested and proven using the highest grades of ultraviolet treatment available on the market today. Richlin warrants that the vinyl extrusions used in these products will not pit, chip, corrode, or blister, and are not affected by salt air. The company also warrants that the real wood on the interior surfaces will not delaminate from the vinyl windows and doors.

EXTERIOR FINISH OPTIONS

AQUA SURTECH is a time-tested and field-proven coating system that provides outstanding protection against all weather conditions and assures long lasting satisfaction. AQUA SURTECH is an organic waterborne coating system, and has been tested to AAMA and ASTM standards.
